Jeanne and Team:

Our legal department is in the process of preparing for our meeting next week regarding the potential liability and indemnity issues with respect to the EPA's prospective study. In an effort to facilitate discussions, they have asked whether you can provide a "sample" or "standard" agreement the EPA uses with its non-government vendors or partners. Specifically, they are looking for EPA standard provisions around premises liability, personal injury, safety, subcontractor indemnity, and environmental hazard/pollution, etc. By making this request, the legal department is hoping that they may be able to work from your standard provisions in creating an agreement to address any concerns more quickly than might be the case in starting fresh.

Thanks  
Stephanie
